

My Account Details (An Overview)

Whereas your **Giving Panel** is where you can view and manage the details of your giving, your **Account Panel** is where you can manage aspects of your account such as your profile details, login credentials, email addresses, and payment methods. Let's explore each one briefly!

My Account

To access your Account Panel, simply click [My Account \(https://accounts.rebelgive.com/my-account\)](https://accounts.rebelgive.com/my-account) in the main menu. Here, you'll be taken directly to the first tab where you can see and edit your profile information.

My Profile

The [Profile Tab \(https://accounts.rebelgive.com/my-account\)](https://accounts.rebelgive.com/my-account) is where you can view and edit your profile information. This information is important to add and keep updated so you can access your annual giving statement whenever your church makes that available for you.

Account Access

The [Account Access Tab](https://accounts.rebelgive.com/my-account/account-access) (<https://accounts.rebelgive.com/my-account/account-access>) lets you change your password as well as which email address you use to login with. The Account Access Tab works in tandem with the Email Addresses Tab.

Email Addresses

The [Email Addresses Tab](https://accounts.rebelgive.com/my-account/email-addresses) (<https://accounts.rebelgive.com/my-account/email-addresses>) shows you all the email addresses associated with your account. Because most people have more than one email address, it can be useful adding those email addresses. In case you use one of those addresses in your church's GivingFlow, your gift will still be associated with your account.

For a more detailed guide on the Email Addresses Tab, [click here](https://help.rebelgive.com/article/210-add-manage-email-addresses) ([//help.rebelgive.com/article/210-add-manage-email-addresses](https://help.rebelgive.com/article/210-add-manage-email-addresses)).

Payment Methods

The [Payment Methods Tab](https://accounts.rebelgive.com/my-account/payment-methods) (<https://accounts.rebelgive.com/my-account/payment-methods>) showcases a list of every payment method (or giving method, if you prefer) we have on file for you, including both credit cards and bank accounts. Don't worry, these are securely stored when you use RebelGive to donate, and you can remove them here if you no longer want them to be available.
